BROW HENNA
DEUTSCHLAND 20/21

201 "Pearl Blonde"

Pearl Blond works well for blondes with very white, almost transparent skin. It gives a very gentle result that is as natural as possible. We recommended adding a bit of graphite concentrate to avoid an undesirable warm tint with yellowness.

202 "Light Blonde"

Light Blonde is for women with olive skin tone, as it softens the coldness of the skin. It is also recommended for women with Slavic skin types. When mixed with No 3 Light Chestnut it turns into a beautiful muscat color.

203 "Light Chestnut"

Light Chestnut is one of the most popular shades for blondes with honey, golden and apricot hair tones. Also recommended to women with bright red hair.

204 "Golden Blonde"

Golden Blonde is a very soft, gentle color. It is suitable for blonde women. When used for coloring, it gives a warm look that is as natural as possible. It gives volume and density even to naturally thin eyebrows.

205 "Dark Blonde"

Dark Blond suits ashen blonde and dark-blond women, as well as women with a Slavic or European appearance. It gives as natural a look as possible.

#210 "Amber concentrate"

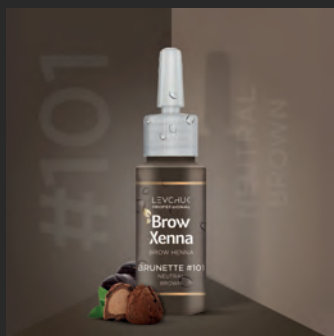

Auburn essence BX Brow Henna is used for lightening the color. It gives a shade of warmth, smoothly softening the color.

BX Brow Henna's rich color palette features 13 universal shades + 2 essences which can be used either individually or combined with each other. You will easily find the perfect combination for any type of skin and hair color.

101 "Neutral Brown"

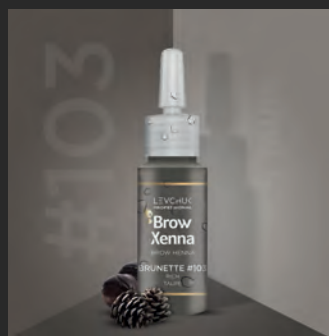

Neutral Brown suits dark blonde or light brown hair. In addition, No1 Neutral Brown is perfect for coloring very thin, plucked eyebrows.

102 "Cold Coffee"

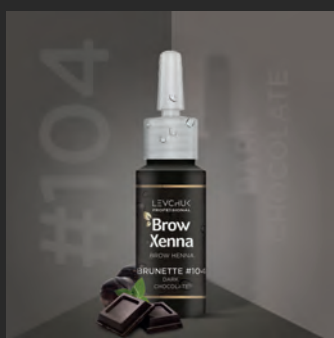

Cold Coffee is suitable for women with very white, alabaster skin, and women with brown eyes. When mixed with No 3 Rich Taupe it gives a rich color similar to dark chocolate, softening the olive tone of the skin.

103 "Rich Taupe"

Rich Taupe is suitable for bright brunettes. When mixed with No2 Cold, it is suitable for very light, almost transparent skin.

104 "Dark Chocolate"

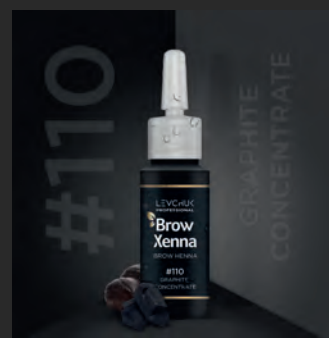

Dark Chocolate works well for brown-haired women and dark-haired women. It is indispensable for creating the image of a femme fatale.

105 "Frosty Chestnut"

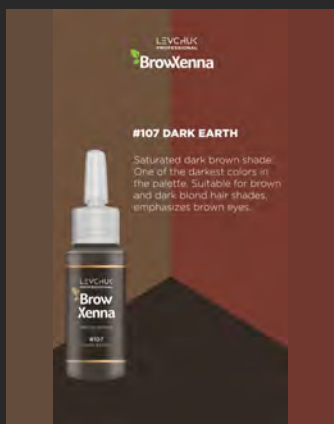

Frosty Chestnut is the brightest shade in the whole line. It works very well for women with dark hair and cold skin. In order to adjust the colour saturation, one can simply vary the product's consistency and number of layers applied.

#110 "Graphite concentrate"

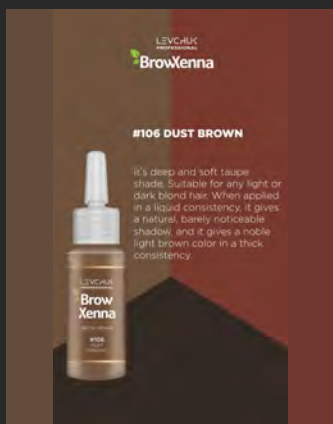

Black essence is used for darkening the color. Just a few grains are necessary for a saturated color.

106 "Dust Brown"

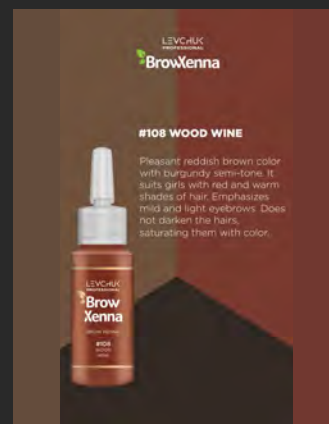

Dust brown. It's a deep and soft taupe shade. The color as if slightly dusty creates a velvet tone. Suitable for any light or dark blond hair.

107 "Dark Earth"

Dark earth. Saturated dark brown shade. One of the darkest colors in the palette. Suitable for brown and dark blond hair shades, emphasizes brown eyes.

108 "Wood Wine"

Wood wine. Pleasant reddish brown color with burgundy semi-tone. It suits girls with red and warm shades of hair. Emphasizes mild and light eyebrows. Does not darken the hairs, saturating them with color.

BROWXENNA® IF BROWS, THEN **BROWXENNA®**

BROWXENNA® is a bestseller for eyebrow coloring. It not only gives the eyebrows stunning volume and expressive color, but also helps restore weak and damaged hairs.

BROWXENNA® provides optimal coloring of eyebrows and skin with a soft permanent makeup effect without the “reddish” impregnation. It consists of natural substances that help strengthen the hairs with each procedure, and contribute to the restoration of the eyebrows’ natural shape.

BROWXENNA® SHAMPOO - 100ml

Perhaps your clients eyebrows are uneven or patchy after henna treatment and you are wondering why?

It is probably because your client has dry skin or heavy make-up that hasn't been properly removed.

BH Brow Henna Shampoo is a delicate soft shampoo that eliminates dead skin particles and heavy make-up. Achieving a fresh, clean working area resulting in better fixation of henna on the skin!

BROWXENNA® OIL - 10ml

Care for sparse and damaged eyelashes and brow hairs with this super nourishing brow oil from BX Brow Henna! Introduced due to popular demand, this conditioning oil helps to stimulate and maintain growth of thicker, longer, happier lashes and brows.

BROWXENNA REMOVER®

has a special formula for removing excess henna from the skin quickly and effectively.

BROWXENNA® WEISSE PASTE

The thick, easy to use paste can be used to draw or sketch the shape of the eyebrows. The paste also prevents unwanted smudges and stains around the brow area.

BROWXENNA® MINERAL SOLUTION - 50ml

High purity BX Brow Henna mineral water is specially formulated to be mixed with henna. It has an impeccably pure composition and unique physical properties that promote high-quality interaction with the henna. BX Brow Henna mineral water does not contain any extraneous impurities, additives or metals, thereby making it not only safe, but also providing 100% results.

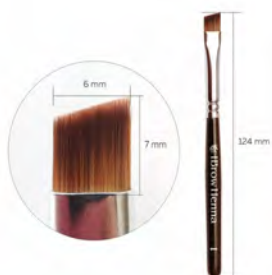

BROWXENNA® TWO-PHASE TONIC CLEANER - 50ml

This lotion for cleansing BX Brow Henna delicately takes away dried layers of henna without washing the color out of the hairs and skin. The lotion's soft composition and light moisturizing effect allows it to conclude the coloring procedure correctly, no matter what the skin type and its complexity.

BROWXENNA BRUSH n.1

is perfect for clients with thicker or wider eyebrows, with a bristle length of 0.7cm, and a plate width of 0.6cm

BROWXENNA BRUSH n.2

is ideal for those with thinner brows, its thinner structure increased precision when drawing finer lines. Bristle length of 0.5cm, and a plate width of 0.5cm.

BROWXENNA BRUSH n.4

is meant to be used for precise coloring using tapping movements. Its pointed shape makes it possible to achieve flawlessly uniform coloring on thin sections of eyebrows, as well as tails. The natural raccoon hair bristles perfectly absorb henna, as well as apply it to the skin. Suitable for coloring problematic and fat-prone skin.

BROWXENNA BRUSH n.0

is a universal instrument for comfortably combing eyelashes, and giving eyebrows their ideal shape. The brush is perfect for preparing eyebrows for coloring procedures as it can be used to exfoliate the brows. Bristle length: 2.3 cm

BROWXENNA BRUSH n.3

angled brush makes incredibly precise lines and does perfect contour drawing. The thin plate and springy artificial bristles make this brush an ideal tool for working with wide and dense eyebrows. Bristle length: 0.6 cm. Plate width: 0.7 cm

BROWXENNA BRUSHES SET

n. 1, 2, 3, 4 5 und 0

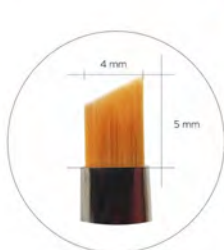

LENA LEVI ULTRA PRECISE BRUSH n.1

The narrow angled Lena Levi No1 brush has springy artificial bristles. It draws calligraphically thin, super-precise lines that create the effect of natural eyebrows. It lets you create a graphical contour of the edge of the eyebrows and build an impeccable shape, especially when it comes to narrow eyebrows.

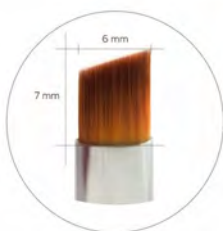

LENA LEVI ANGLED BRUSH n. 2

The Lena Levi No2 angled brush makes it possible to create smooth lines and apply delicate shading. The artificial bristles are flexible and quite soft. The Lena Levi No.2 brush is irreplaceable when working with narrow eyebrows, as well as when applying coloring with BrowXenna® and applying eyebrow makeup using Lena Levi pomades.

LENA LEVI BRUSH n. 4

The Lena Levi No 4 angled brush with artificial bristles of medium density is an ideal instrument for working with BrowXenna®. It accurately draws the contour of the eyebrows and makes soft shading inside the shape, leaving no gaps. The brush can also be used to apply laminate.

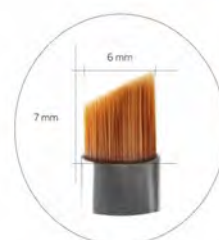

LENA LEVI ULTRA PRECISE BRUSH n. 5

The Lena Levi No 5 angled brush with flexible artificial bristles guarantees ultra-precise lines and perfect contour outlining.

LENA LEVI ULTRA PRECISE BRUSH N. 3

The Lena Levi No 3 angled brush makes incredibly precise lines and does perfect contour drawing. The thin plate and springy artificial bristles make this brush an ideal tool for working with wide and dense eyebrows. The brush is suitable for working with BrowXenna® and with Lena Levi eyebrow pomades.

LENA LEVI BRUSH ULTRA PRECISE n.7

The Lena Levi No7 ultra-fine brush with movable artificial bristles perfectly fills the tail, giving it a clear shape. The ideal balance between the density and the size of the bristles allows the brush to work successfully with all textures. It thoroughly goes over the thin sections of the eyebrows, ensuring optimal coloring.

BHD BROW HENNA SHAMPOO 100ml

Gentle shampoo for eyebrows and eyelashes. To be used before an eyebrow treatment like Brow Henna, otherwise the colour cannot adhere to the skin and hairs. Vegan, Oil Free, Ph Neutral, Grease Free (Very important for Brow Henna to last long on the skin). Brow Henna, otherwise the colour cannot adhere to the skin and hairs. Vegan, Oil-free, Ph Neutral, Grease-free (Very important for Brow Henna to last long on the skin).

BHD MINERAL SOLUTION 100 ml

BHD Brow Henna high purity mineral water has been specially formulated to mix with henna.

It has an impeccably pure composition and unique physical properties that promote high-quality interaction with the henna. Brow Henna Mineral Water contains no external impurities, additives or metals, making it not only safe but also delivering 100% results.

BHD CLEAN SOLUTION 120 ml

This lotion for cleaning BHD Brow Henna gently removes dried henna layers without washing the colour out of the hair or off the skin.

The soft composition of the lotion and the light moisturising effect, the colouring can be completed correctly, regardless of the skin type and its complexity.

BHD WHITE PASTE 8ml

The white eyebrow paste from BHD has a light cream consistency, which makes it an indispensable tool for applying the henna colour.

BHD BROW HENNA ÖL

Brow Henna Oil nourishes and protects the henna colour (lasts longer!) It can also be used to stimulate the growth of eyebrows and is therefore ideal for sales to customers.

BHD BROW SCRUB 100gr

BHD Brow Scrub removes dead cells, smoothes the skin and stimulates cell renewal. The scrub makes the henna adhere even better to the skin.
